

SIMATIC DP, connection module for PROFIBUS interface module ET 200 Pro; direct connection, integrated address setter and terminating resistor for PROFIBUS DP; product phase-out planned – see SIOS 109989704

Input current																																											
from supply voltage 1L+, max.	16 A																																										
from load voltage 2L+ (without load), max.	16 A																																										
Accessories																																											
Function description	Terminal module direct: PROFIBUS DP and 24 V power; up to 6 x M20 cable glands																																										
belongs to product	ET 200pro; IM154-1/2 DP																																										
Dimensions																																											
Width	90 mm																																										
Height	130 mm																																										
Depth	100 mm																																										
Weights																																											
Weight, approx.	292 g																																										
Classifications
