

product type designation

product description

Energy cable 5 x 1.5

Power cable (5-core), sold by the meter, unassembled

Energy cable, 5-core power line, stranded wire, 5x 1.5 mm², trailable Delivery unit: max. 1000 m, minimum order quantity 20 m sold by the meter

Technical Product Detail Page

<https://l.siemens.com/1P6XV1830-8AH10>

suitability for use

Power supply of ET 200 modules with 7/8" power port

cable designation

L-Y11Y-Z 5x1x1.5 GR

electrical data

insulation resistance coefficient	1 GΩ·m
operating voltage / RMS value	600 V
conductor cross section / of the power line	1.5 mm ²
continuous current / of the power lines	16 A

mechanical data

number of electrical cores	5
outer diameter	
• of inner conductor	1.55 mm
• of the wire insulation	2.73 mm
• of cable sheath	10.5 mm
symmetrical tolerance of the outer diameter / of cable sheath	0.3 mm
design of stranding element	No
conductor class	5
material	
• of the conductor	CU, blank
• of the wire insulation	PVC
• of cable sheath	PUR
product component / PE connection	Yes
marking / of cores	Color, digits
color	
• of the power line insulation	4x black, 1x pink
• of cable sheath	gray
bending radius	
• with single bend / minimum permissible	27 mm
• with multiple bends / minimum permissible	63 mm
• with continuous bending	75 mm
number of bending cycles	5000000; For use in cable carriers, for 5 million bending cycles with a bending radius of 75 mm, an acceleration of 4 m/s ² and a speed of 180 m/min
tensile load / maximum	500 N
weight per length	149 kg/km

ambient conditions

ambient temperature	
• during operation	-40 ... +80 °C

<ul style="list-style-type: none"> during storage during transport during installation 	-40 ... +80 °C
fire behavior	Flame-resistant acc. to IEC 60332-1
class of burning behaviour / according to EN 13501-6	Eca
chemical resistance <ul style="list-style-type: none"> to mineral oil to grease to water 	DIN EN 60811-2-1 resistant Conditional resistance
radiological resistance / to UV radiation	resistant

product features, product functions, product components / general

product feature <ul style="list-style-type: none"> halogen-free silicon-free 	No Yes
--	-----------

standards, specifications, approvals

UL/ETL listing / 300 V Rating	No
UL/ETL style / 600 V Rating	Yes
certificate of suitability <ul style="list-style-type: none"> EAC approval RoHS conformity 	Yes Yes

security information

security information	Siemens provides products and solutions with industrial cybersecurity functions that support the secure operation of plants, systems, machines and networks. In order to protect plants, systems, machines and networks against cyber threats, it is necessary to implement – and continuously maintain – a holistic, state-of-the-art industrial cybersecurity concept. Siemens' products and solutions constitute one element of such a concept. Customers are responsible for preventing unauthorized access to their plants, systems, machines and networks. Such systems, machines and components should only be connected to an enterprise network or the internet if and to the extent such a connection is necessary and only when appropriate security measures (e.g. firewalls and/or network segmentation) are in place. For additional information on industrial cybersecurity measures that may be implemented, please visit www.siemens.com/cybersecurity-industry . Siemens' products and solutions undergo continuous development to make them more secure. Siemens strongly recommends that product updates are applied as soon as they are available and that the latest product versions are used. Use of product versions that are no longer supported, and failure to apply the latest updates may increase customer's exposure to cyber threats. To stay informed about product updates, subscribe to the Siemens Industrial Cybersecurity RSS Feed under https://www.siemens.com/cert. (V4.7)
