

PCS 7 block library SENTRON 3WL/3VL for SIMATIC PCS 7 V10.0 with APL. Engineering Software V10.0 for an engineering station including runtime software in an automation system (AS). 1 engineering license, 1 AS license. Type of delivery: OSD Email address is essential.

| Model   |                  |             |
|---|------------------|-------------|
| product brand name  | SETRON           |             |
| product license   | optional package |             |
| General technical data                                    |                  |             |
| national language of the software                         | german / english |             |
| Product details   |                  |             |
| product feature upgradable/retrofitable component library | No               |             |
| product component component library                       | No               |             |
| Product function  |                  |             |
| product function  |                  |             |
| • analysis function                                       | Yes              |             |
| • evaluation function                                     | No               |             |
| • movement function                                       | No               |             |
| • data acquisition function                               | No               |             |
| • diagnostics function                                    | Yes              |             |
| • controlled positioning                                  | No               |             |
| • commissioning function                                  | No               |             |
| • communication function                                  | No               |             |
| • parameterizing function                                 | No               |             |
| • project planning function                               | No               |             |
| • simulation function                                     | Yes              |             |
| • technological function                                  | No               |             |
| Display and operation                                     |                  |             |
| Horizontal image resolution of the graphics board         | 1 920            |             |
| Vertical screen resolution of the graphics board          | 1 080            |             |
| Requirements  |                  |             |
| number of colors of the graphics card                     | 65 536           |             |
| design of the drive/storage medium required               |                  |             |
| • CD-ROM  | No               |             |
| • floppy disk   | No               |             |
| • DVD drive   | No               |             |
| operating system required                                 | Windows          |             |
| browser software required                                 | yes              |             |
| processor clock frequency minimum                         | 3 000 MHz        |             |
| storage capacity of the main memory or RAM minimum        | 32 Gbyte         |             |
| viewer software required                                  | no               |             |
| Mechanical Design   |                  |             |
| Net Weight  | 0 kg             |             |
| Approvals Certificates                                    |                  |             |
| General Product Approval                                  | other            | Environment |
